Analynk Wireless

Innovative wireless products for analog monitoring and discrete input. Explosion-proof, hazardous area and safe area wireless systems.

Cameron - Measurement Systems Division

Differential, pressure, level and flow instrumentation. Indicators, switches, recorders, controllers. Turbine meters, Floco meters, transmitters.

Cashco Inc.

Control Valves, rotary, globe and butterfly, pressure reducing and relief valves. Sanitary valves (3A), positioners and accessories.

Electron Machine Corp.

Refractometer systems, stock consistency meters, beverage analysis systems, wireline equipment.

Erdco Engineering Co.

Sight flow indicators, variable area flow meters, flow switches, flow transmitters, turbine meters.

Fabrotech Industries

Basket, flat, cone, "T", "Y", automatic and scraper-type strainers, spectacle blinds.

Fairchild Industrial Products Co.

Pneumatic regulators, volume boosters, control relays and panel loading stations. I/P and P/I transducers. Automatic filter assemblies and gauges.

Flexim

Non-intrusive ultrasonic flowmeters for gases and liquids, portable and dedicated units, watertight and explosionproof designs.

Fluidic Techniques Inc.

Orifice plates, orifice flanges, meter runs, flow tubes, flow nozzles and venturi tubes.

GC Valves

Two-way and three-way solenoid valves. Brass, stainless steel and plastic housings.

General Rubber Corp.

Rubber expansion joints, single and double sphere, "sound-zorber" flexible rubber connectors.

Kaye MacDonald Inc.

High flow pressure reducing and back pressure regulators, dome-loaded regulators, sizes up to 6", Cv up to 432.

King Instrument Co.

Rotameter-type flowmeters, acrylic, glass, PVC, stainless steel, TFE and polysulfone tubes. Flows down to .011 GPH and 0.14 SCFH.

Marwin Controls Inc.

Two and three piece ball valves. Full and reduced port, high pressure, sanitary designs. Full automation packages.

MF&S

Three-valve instrument manifolds, pressure ratings to 6000 psi, brass and stainless steel. Can be cleaned for oxygen service.

MRU Instruments Inc.

Oxygen, CO, CO2 and hydrocarbon analyzers. Measure between one and nine gases with a single unit. Hand-held, portable, mobile and stationary gas analyzers.

Olson Technologies Inc.

Butterfly valves, metal and resilient seated, lug and wafer style, AWWA, automation packages.

Penberthy Inc.

Sight flow indicators, liquid level gauges, magnetic level gauges, vacuum jets, ejectors. LevelMark electronic level instrumentation.

Sensiflo

Precision high pressure controls for gases and liquids, inlet ratings to 3600 psig. Reducing and back pressure regulators, 1/8", 3/8" and 1/4".

Spectite Inc.

Sealed feedthrough bodies, caps, followers and seats.

Systems For Industry

Complete flow measurement systems. Averaging pitot tubes, transmitters, flow computers.

SVF Flow Controls Inc.

Three piece ball valves. Two and three way, sanitary, V-port. Complete automation packages.

Telmar Inc.

Signal conditioners and alarms. Transducers, temperature transmitters, RTDs, power supplies.

Thermal Instrument Co.

Thermal mass flowmeters, including sanitary and ultrapure designs, thermal mass flow switches.

Valve Concepts Inc.

Tank blanketing valves, specialty piping manifolds, low pressure pilot-operated vent valves.

WIKA Instrument Corp.

Pressure Gauges (commercial, industrial, specialty, process, test, receiver, duplex), diaphragm seals, transmitters, transducers, bimetal thermometers.
